

Caso di Natalee**Something to hide in Aruba?**

I see one of your upstanding KALPOE brothers is filing charges against BETH HOLLOWAY TWITTY.

Only guilty people like the KALPOES, JORAN & PAUL VAN DER SLOOT do not cooperate and have something to hide.

Your government and Police can continue to drag their feet and let them get away with this, but we AMERICANS wont forget and we are going to make you pay financially.

I found out today that more and more States here in the UNITED STATES are asking people to boycott your country and island.

I hope all States will do this! We won't forget.
